## ARTICULATION AGREEMENT WITH UNION GRADUATE COLLEGE

### Why the Union MBA?

St. Lawrence University and Union Graduate College have established an agreement which allows qualified St. Lawrence University students who have earned a Bachelor's degree to accelerate through the Union MBA program. Students may plan their undergraduate program to include courses that serve as a foundation for graduate study at Union. As a result, students may complete the Union MBA in about one year.

Union MBA students complete a graduate internship while enrolled at Union. The internship is considered an important "resume builder", especially critical for the inexperienced MBA candidate. A full-time Graduate Career Counselor assists students in finding meaningful internships, most of which are paid positions. Our student-centered, professional programs leverage the economic and cultural vibrancy of the Capital Region of New York State.

It is our size, and careful attention to the individual needs of each student that make graduate study at Union such a rewarding experience. Small classes ensure that your education is not a "spectator sport." All classes can be taken in the evening, enabling us to bring full and part-time students from all educational backgrounds, together in exciting and diversified ways.
